

JONAS WECHSLER

512 · 239 · 8620 \\ 209 W. 39th Street Austin, TX 78751 \\ jonaswechsler@gmail.com \\ jonaswechsler.com

EDUCATION

Class of 2019 **University of Texas at Austin**
Pursuing B.S. in Computer Science
Turing Scholars (Computer Science Honors)
Relevant coursework:
Data Structures (Honors)
Discrete Math (Honors)
Vector Calculus (Honors)

EXPERIENCE

2013 - 2015 **University of Texas Austin, Dept. of Computer Science, Research Intern**
Interned under Professor Calvin Lin researching prefetching and replacement on the L2 cache for irregular memory accesses. Most studies were done on the Irregular Stream Buffer prefetching scheme and the Hawkeye caching scheme. Work was done in C++ and Perl and was conducted on the Stampede supercomputer. Benchmarking was done on the SPEC2006 suite.

2015 **Breed & Co, Hardware Clerk**
Helped a local hardware store through a remodeling by making keys, cutting glass, and assembling hardware.

2014 **For Fear the Glass May Shatter, Animator**
Created digital animation for an avant-garde opera that was performed at the Vortex Theatre and at the Fusebox Film Festival. Worked with Blender and Python.

2012 **University of Texas Austin, Dept. of Computer Science, Developer**
Interned under Professor Calvin Lin developing Waterbear, a visual programming environment for use in undergraduate courses at UT. Worked with HTML, CSS, and Javascript/JQuery, using Git for version control.

OTHER PROJECTS

jonaswechsler.com

A showcase for various javascript and HTML5 projects.

LASA UIL Study Site

Developed the front-end of a Computer Science training website for beginning and advanced Computer Science UIL competitors.

SKILLS

Experienced with	Java · Javascript · CSS/SCSS · HTML
Familiar with	C++ · Bash · Git · \LaTeX

EXTRACURRICULARS

2015 State competitor at VASE art competition
2013 - 2015 Volunteer Math Tutor
2014 - 2015 Computer Science Club Officer
2012 - present Various Martial Arts
